

MC Technologies supports the UN Global Compact initiative

MC Technologies is proud to announce that we are official participants of the UN Global compact initiative.

This means we commit to follow the 10 Principles of the UN Global Compact initiative, as there are:

Human Rights

1. Businesses should support and respect the protection of internationally proclaimed human rights; and
2. make sure that they are not complicit in human rights abuses.

Labour

3. Businesses should uphold the freedom of association and the effective recognition of the right to collective bargaining;
4. The elimination of all forms of forced and compulsory labour;
5. the effective abolition of child labour; and
6. the elimination of discrimination in respect of employment and occupation.

Environment

7. Businesses should support a precautionary approach to environmental challenges;
8. undertake initiatives to promote greater environmental responsibility; and
9. encourage the development and diffusion of environmentally friendly technologies.

Anti- Corruption

1. Businesses should work against corruption in all its forms, including extortion and bribery.

We believe that this reflects well our company values, as these principles are basic but powerful.

We kindly ask all our business partners to see to comply with these rules, may it be by defining their own set of principles or simply by joining the UN Global Compact initiative.
